

Name:	Lfd.:	Page:	Version:	Date:
Globigen® Dia Stop	0162-5	1 von 1	EU EN	26/11/2014

Description:

Dietetic complementary feed for calves for the stabilization of water and electrolyte balance
Essential nutritional characteristics: Predominantly electrolytes & easily absorbable carbohydrates

Composition:

Dextrose, Sodium chloride, Sodium bicarbonate, Yeast product (dried), Potassium chloride, Egg products (dried) (2,5 %)

Ingredients:

Crude protein	%	4,30	Crude oils and fats	%	1,50
Crude fibre	%	1,00	Crude ash	%	31,00
Sodium	%	8,40	Potassium	%	3,20
Chloride	%	11,60			

Additives per kg:

Nutritional additives:

Vitamin A (E 672)	I.U.	200.000	Vitamin D (Vitamin D3 (E 671))	I.U.	20.000
Vitamin E (all-rac-alpha-tocopheryl acetate (3a700))	mg	2.000			

Feeding recommendation:

- At the risk of, during or after digestive disturbances (diarrhoea) dissolve twice per day 25 g of Dia Stop (one easily rounded measuring spoon) in warm (ca. 35°C) regular milk, water or milk replacer.
- In case of acute diarrhoea, it may be helpful to stop feeding milk temporarily! Dissolve twice per day 50 g (2 easily rounded measuring spoons) in 2 litres of warm (ca. 35°C) water.

Recommended period of use:

1-7 days (1-3 days if fed exclusively)

Feeding direction:

In case of, during periods of, or recovery from digestive disturbance (diarrhoea).
It is recommended that a veterinarian's opinion be sought before use
Due to its higher content of vitamins A and D3 in comparison to complete feed this dietetic complementary feed may only be fed to calves up to 10 % of their daily ration.

Chemical and physical parameters:

Form:	Powder	Odour:	Vanilla
Colour:	White to yellow		
Density	Min: 0.96	Max: 0.99	
pH-value:	Min: 4.00	Max: 4.50	

GVO Status:

The Product including all carriers and feed additives used for the production, under the meaning of the Regulations (EC) No 1829/2003 and 1830/2003 does not consist of genetically modified organism (GMO), does not contain GMO, is not produced from GMO and due to this it has not be labeled as defined by the abovementioned regulations

Sales unit:

200 g bag	Code:	Article number:
2,0 kg bucket	Pcs.	SA00390
7,5 kg bucket	Pcs.	SA00435
	Pcs.	SA00436

Storage conditions:

Keep cool (5 - 25 °C), free of frost, dry and out of light! No liability in case of improper handling or storage. Once opened consume as soon as possible.

Manufacturer:

α DE NI 400130

Best before

12 months from date of production
