

Dear Sir, Madam,

We hereby inform that the formula:

- 3959 kip60 opti

does not contain feed materials or feed additives that require a declaration on the presence of genetically modified organisms or products within the framework of the Regulations (EU) no. 1829/2003 and 1830/2003.

However the product is produced in a production facility, where also genetically modified soy products are used. The presence of genetically modified material due to carry-over cannot be excluded.

This declaration is valid up to 12 months after the date of issue, or until revocation within this period.

Denkavit Nederland B.V.,
Voorthuizen, 12-10-2023
