Are you aware that automation in hoof care is time saving?

INTRA HOOF-FIT ROBOT: FRESH GREEN HOOVES JUST AFTER MILKING

Thanks to the automation developments, computerised spraying facilities in milking robots and milk carrousels are gaining in popularity.

This fully automated way of preventive hoof care provides every hoof the same amount of fresh green product on the spot for optimal lameness control.

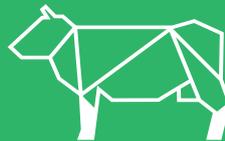

6 REASONS TO CHOOSE INTRA HOOF-FIT ROBOT

- ✓ Ready-to-use and labour-free
- ✓ Fresh product on every hoof
- ✓ Firm adhesion on dry and wet hooves
- ✓ Specially developed for automatic robot and carousel sprayers
- ✓ Combines cleaning and hoof care
- ✓ Intra Hoof-fit technology inside

Still present after more than **8 HOURS** under dirty farm conditions

>95% lameness control within 8 weeks

Automating your hoof care saves up to **3 HOURS** a week

NO SPILLAGE IN THE PIT AND ENVIRONMENT

The **Intra Hoof & Skin Care Programme** includes products to apply individually as well as products for full herd maintenance. This green concept is **farmers' first choice!**
